If you would like an Annual Report, please stop by the office.

Lutheran Social Service of MN, along with our partnering agency the Big Stone Area Memory loss Connection and our event host First English Lutheran Church of Ortonville, cordially invite you to our “Dementia Friendly County Resource Fair.”

As more and more businesses, organizations and agencies are coming into contact with consumers who may be struggling with effects of Dementia, it is important that we all become more aware of the signs and symptoms. Additionally, it is crucial that we educate ourselves, as well as our associates and employees, about the role we can each play in becoming a Dementia Friendly Community/County.

The main focus of this event will be to provide a “Dementia Friend Training” to help individuals, businesses, agencies/organization more effectively interact with their consumer or loved ones who may be struggling with Dementia. Big Stone County agencies will also be on hand to provide information on Dementia specific supports and services, as well as answer your questions.

This event will be held on Thursday, January 31, 2019, from 11:30 am to 1:30 pm at the First English Lutheran Church, located at 9 3rd St NW in Ortonville, MN. The event will begin at 11:30 am with a lunch provided by Prairie 5’s Senior Nutrition Program, followed by the “Dementia Friend Training” and will conclude at 1:30 pm.

Please join us for lunch and to learn more about the role you can play in making Ortonville, Clinton, Graceville and all of Big Stone County a more Dementia Friendly Community/County.

RSVP by January 25, should you have any additional questions or concerns regarding this event, please don’t hesitate to contact Nola Lockwood, Pastor Dave, or the LSSMN office (605-944-0977).

Grow. Hold. Fold

One of the perils of any organization is that there is no shortage of good ideas. There are, however, good ideas that outlast their usefulness! It is often very difficult to stop doing things because they get imbedded into our organizations’ traditions and cultures.

Rewriting the Rural Narrative

It seems the rural story has already been told. Small towns keep getting smaller. Churches, schools, clinics, businesses, and now post offices, have closed their doors as the lucky few migrate out to the big cities. This deficit framework dominates how we discuss and envision our rural communities. However, the story of rural America since 1970 is rich and diverse, with positive trends occurring under the radar. Learn how these important positive changes have been occurring across the rural landscape that require us to rewrite the narrative of rural community change.
