RENOVATION AND RECOVERY

To say that Peggy's house has been a hive of activity would be an understatement! Volunteers have been making the bedrooms fresh, clean and inviting. Each room has a unique personality. Inspections have been done. Contractors have been updating the house to comply with electrical and fire safety requirements. New carpet has been layed and there is a fresh coat of paint on walls everywhere. Employees are preparing to welcome our new residents. The charm of this old house still shines through but she has a fresh face and a new purpose. This home, "Peggy's House," will soon wrap its arms around women who also need a new start and a new purpose. Renovation, recovery and restoration is our theme for May and June. "Therefore, if anyone is in Christ, he is a new creation. The old has passed away; behold, the new has come." 2 Corinthians 5:17

These are the results of dedicated community volunteers who "adopted" a room, and local contractors who helped them bring new life into this charming old home. We thank you all!
